DESCRIPTION OF VICTOIRE 1122 „FINALE“

The Victoire 1122 “Finale” is an exceptionally solid and seaworthy bluewater cruiser built by the renowned Dutch yacht builder Victoire in Alkmaar. Designed by the respected yacht architect Dick Koopmans, she combines timeless lines with excellent sailing performance, safety, and comfort for extended cruising.
With her balanced hull shape, deep keel, and thoughtfully designed deck and cockpit layout, the Victoire 1122 remains one of the most highly regarded cruising yachts in her class. Whether exploring the Baltic Sea, undertaking demanding North Sea passages, or enjoying extended holidays with family and friends, she inspires confidence with her stability, safety, and predictable handling characteristics.
“Finale” has been continuously cared for and thoughtfully upgraded by her owner. Significant investments over the years, including a professional Awlgrip hull repaint, keel renewal, and numerous technical and navigational upgrades, reflect a commitment to maintaining the yacht to a high standard both cosmetically and mechanically:

Highlights:

2005/2006: Conversion from the shallow-draft keel to the performance deep keel version (2.10 m draft), carried out solely for sailing performance reasons according to the owner
2013/2014: Standing rigging renewed
2016: Saildrive diaphragm replaced and gas system upgraded
2018: New UK De Vries offshore mainsail
2019: New cockpit enclosure and sprayhood
2020: Professional Awlgrip hull repaint
2022: Navigation electronics upgraded with a Raymarine Axiom 9 chartplotter and AIS transponder; cutter rig added
2026: Liferaft professionally serviced

Below deck, the yacht offers a warm and inviting interior with quality teak joinery, generous headroom, and excellent comfort for extended stays aboard. The practical layout provides comfortable accommodation for cruising couples while offering ample space for additional crew or family members.
For sailors seeking a yacht with proven offshore credentials, timeless Scandinavian-Dutch craftsmanship, and outstanding cruising potential, this Victoire 1122 deserves close attention.
