DESCRIPTION OF NORD STAR 28 PATROL

Nord Star 28 Patrol – 2009 with Volvo D6 370 hp
Well-maintained and robust walkaround boat with extra performance thanks to the more powerful Volvo Penta D6 370 hp engine – an upgrade that really makes a difference, with faster acceleration and improved performance at sea. Approximately 900 hours of operation.
The boat is perfect for day trips, commuting, and longer excursions during the season. It is equipped with, among other things, a bow thruster, heater, galley, windlass, and Raymarine Axiom Pro including a Lighthouse v3.3 navigation system.
With a cruising speed of 25–30 knots, the boat runs smoothly and quietly – you can easily hold a normal conversation in the wheelhouse. The top speed is approximately 39 knots, and thanks to the larger engine, the boat planes quickly and smoothly.
A very seaworthy, well-built, and comfortable boat in classic Nord Star quality – ready for its next owner.
