DESCRIPTION OF NIMBUS 340 COMMANDER FLY

The helm station is truly comfortable, with all controls and instruments within easy reach. There is also a comfortable seating area for the rest of the crew, as well as an interior staircase leading up to the flybridge.

The well-equipped galley is located opposite a spacious seating area with room for the whole crew.

Forward, the spacious owner's cabin features a comfortable double berth to port, together with ample storage and lockers.

Amidships to port is a surprisingly large cabin with a generous double berth and plenty of storage. The bathroom is located to starboard and is also equipped with a shower.

The aft deck and, above all, the flybridge, with its excellent all-round visibility, are the places where the crew will naturally gather whenever the weather permits.

The powerful yet well-insulated Volvo Penta engine with shaft drive and twin rudders provides comfortable cruising even at low speeds, while the bow and stern thrusters make manoeuvring in harbour easy.

The boat is in excellent condition, has been lightly used and has no notable damages. It has always been stored in a heated indoor facility.

She is offered for sale by her first owner and is available for viewing in Dalsbruk, approximately two hours west of Helsinki, Finland.

The Nimbus 340 Commander is the ideal boat for comfortable cruising and enjoyable days at sea – and is offered at a truly attractive price!
