DESCRIPTION OF NAUTICAT 44

Beskrivelse foreløbig på engelsk tag gerne direkte kontakt til mægler michael@baadagent.dk for nærmere information.

Build by the traditional Nauticat Yachts Oy previously known as Siltala Yachts, the Nauticat 44 is a boat that inspires confidence the moment you step on board. Her quality build is clear from the first moment you feel her under sail. Built as a long-distance motor sailor she provides a comfortable and safe platform to explore anywhere in the world.

This vessel, has been designed for long range cruising for 4 persons. She has the modern Sloop/Cutter rig with power reefing (main sail and genoa), which makes short-handed sailing easy. It is heavily equipped with all necessities and she just eats up the miles when on passage.

A Nauticat 44 is a solid vessel, with two steering positions, both fully equipped for navigation, one outside at the poop deck with great view and easy access to all, and with an additional great, sheltered, roomy wheel house for those days, when things just do not seem like outdoor action.

Her interior is very roomy; however, still generating a warm and cozy atmosphere due to the use of highest quality joinery. The Finish Builders eye for detail shine through everywhere on board. Her interior teak wood and upholstery is all in great condition and look almost new.

The Nauticat 44 has a superior accommodation, often custom made to the owners specific wishes. This vessel's main cabin has two large berths made for safe passage at sea with its own heads en-suite. There is plenty of hanging locker space for extended living. The forward twin cabin has an infill making it into a good-sized double. Amble number of lockers are also available in this area.
The Galley has a corian topside, an ENO oven with two burners, a refrigerator with top and side access, twin sinks and loads of storage space. The forward heads has a separate shower basin. The aft toilet has a vanity unit and basin as well as a build in full size washing machine. Both having separate black water tanks.

She can be sailed short-handed very easily and her bow and stern thrusters along with the powerful engine ensures she can get into the tightest of marina berths without any problems. She is well kitted out in the electrical department with an autopilot, vhf, and plotter. and from a cruising point of view she has hot water and Webasto heating as well as a diesel fueled oven for those wintery days.

A Nauticat is designed for comforatable and safe cruising and the fuel tanks and capacity of water is already as standard measured for extensive cruising however this vessel is additionally equipped with a Spectra watermaker capable of generation 22l of freshwater per hour.

This Nauticat 44 makes a perfect long range cruiser or live aboard as well as being a perfect family yacht for short or extended cruises .

In addition she comes with loads of spare parts including a full spare motor for the thrusters.

VAT paid in the EU.
